## Expensive Roads.

There are two kinds of expensive roads. One of them is expensive because it costs lots of money to build and maintain it and the other is expensive because it makes traveling slow and difficult and loads small. The first kind brings returns in good service while the second is a handicap to progress.

In a certain section of the South the country has made a splendid public road. It cannot yet connect with everybody, so one farmer lived near used four horses this summer in hauling wheat to it and two after it was reached. In other words, the new road cut the cost of delivering wheat to one half. And it is a good road for winter as well as for summer. Some sections have pretty fair roads while the weather is dry, but an almost impassable highway for winter. We have in mind a village where the merchants pay 25 cents per hundred pounds hauling goods during summer and 40 c after roads get bad in winter. The former is a better price than the latter when the load hauled and time consumed for the trip are considered. Some farmers live eight or ten miles from the depot and are but an hour's drive from the railroad, while others living that far from it are two to three hours' drive removed. These are examples of very expensive roads. They cost time and horse power. Some of us could sell a team of mules or horses if we had good roads and could go to town and back in a half day instead of a day.

Since we have to have expensive roads, let us have a kind that makes big loads and rapid transit possible; this is the cheapest way in the long run. It is better to use the time that you spend

traveling and delivering farm products over bad roads in working at home to raise the extra taxes necessary to build good roads. Let us apply business principles to road building.

Elder J. T. Turpin, for many years pastor of the Powell's Valley Baptist church, has been called by Allansville church in Clark county for the second and fourth Sundays. As the meeting day at Powell's Valley is the fourth Sunday, he will have to change the meeting date at the latter place or relinquish his pastorate there.

Workmen arrived here this week to resume operations on the bridge crossing the river to Old Clay City but just as they got well started the river got up and they had to suspend their work again. The prospects now are that the bridge may not be completed for some time yet.

Some people never hand in an item of news for publication, but if we happen to miss an item in which they are interested they are sure to hand us a north pole stare that would freeze the liver of a polar bear.

Any business is more respectable than what is termed loafing. A young man had better peddle matches by the box than hang around public resorts, murdering time and his own reputation.

The Standard Oil Company didn't advertise any "Great Reduction in Price" sale when it went out of business.

R. R. Perry, editor of the Winchester Sun-Sentinel, and News, is quite ill at his home in Winchester.

Seven thousand attended the inauguration at Frankfort Tuesday.

## Attention, Men of Stanton.

A movement is on foot toward organizing a local Young Men's Christian Association for the men of Stanton. This will mean a clean, light, healthful place of meeting during the afternoons and evenings, with such privileges as reading room games, gymnasium apparatus and bath. Such a project will of course require some little financial support at the start, but by the hearty co-operation of all the men interested, can be pushed to a successful conclusion.

The men of Stanton and surrounding country are asked to meet at 7 p. m. on Friday, Dec. 15 in the Court House to discuss this matter and to make an expression of opinion either for or against.

## Big Suit Against L. & N. Railroad.

At Louisville the Ohio Valley Tie Company has sued the L. & N. railroad for \$100,000. The plaintiff charges that the defendant railroad refuses to deliver cars loaded with plaintiff's ties to connecting roads, and further charges that the road charges them a rate three times greater than what they have a right to charge. They allege that altogether the defendant, which buys ties in large quantities, maliciously contriving to injure the plaintiff and its business, for the purpose of preventing plaintiff from buying cross-ties at places along the line of the railroad company so that the railroad company may be rid of a competitive buyer of the ties and be able to buy them at a lower price than it would have to pay while plaintiff remains a competitor, committed acts causing the alleged damage.

The Hon. James B. McCreary and the Hon. Edward J. McDermott were sworn in as Governor and Lieutenant Governor, respectively, of Kentucky in the Capitol at Frankfort Tuesday. The oath of office was administered by Chief Justice Hobson.

J. W. Newman, Commissioner of Agriculture-elect announces that Harry McCarty, editor of the Nicholasville Journal will be clerk of the State Board of Agriculture, Forestry and Immigration.

The Baptist meeting which was to have been held at the Christian church this week, has been postponed on account of the illness of Elder J. T. Turpin who was to have done the preaching.

Hon. H. G. Garrett was sworn in Tuesday as Railroad Commissioner from this district together with the other recently elected members, Lawrence Finn and W. F. Klair.

R. P. Rose, D. R. Daniel and W. T. McGuire attended the inauguration of Gov. McCreary and Lieutenant Governor E. J. McDermott.

In making up your list of Christmas presents don't forget the Times one year will make an acceptable gift to any one that can read.

## Christmas Money for the Farm Boy.

Few people know the magnitude of the fur business in America. This is the time of the year when the boy on the farm not only gets a great deal of pleasure out of trapping and hunting, but quite a bit of pocket money besides. Many people are under the impression that the fur bearing animals of America are being exterminated, but the supply seems inexhaustible, and with the present game laws in effect in every state, America bids fair to be one of the largest sources from which the world will draw its supply of fur.

Louisville is considered one of the largest primary fur markets of the West and middle South. There are two firms in Louisville that are considered among the big factors in the raw fur trade of America. Both of these firms are represented in the advertising columns of the Times.

## Kentucky Boys in the Lead.

The students of the State University have won honors for Kentucky that are deserving of recognition by the stockmen of the State. During the National Dairy Show at Chicago each fall there is held a student judging contest, in which students represent all of the leading agricultural colleges of the nation.

This year three men constituting the team were sent from each of the following institutions: Cornell, Iowa, Nebraska, Ohio, Delaware, Maryland, South Dakota, Missouri, Kansas and Kentucky. Thirty young men, therefore, competed for honors. They were trained to the hour to Judge Jersey, Guernsey, Hol-

stein and Ayrshire cattle, cows bulls.

The Kentucky students won four out of six trophies that were offered. They lost two trophies.

The Kentucky boys won the two trophies for best team work on all four breeds, offered by Hoard's Dairyman and the National Dairy Show. They won the trophy for the best judging of Holstein cattle and the trophy for the best work in judging Guernsey cattle. The students from Kentucky were probably the youngest in the contest.

Kentucky students thus won first honors as a team out of ten teams present, and individually the students ranked high in competition with thirty students who were working in the contest.

The team of 5 students from the Kentucky Agricultural College of State University also won the saddle horse judging trophy to the International Livestock Show at Chicago.

The State University at Lexington some time the first of January will open a course in road building and each county is entitled to two scholarships in this very useful and instructive branch of knowledge. Anyone desiring to attend this term should see Judge Hardwick who will make the appointments.

After the Democrats in Congress have gotten together and made such a splendid record for solidarity it would be a shame and a calamity to lose in 1912 by reason of petty factional fights of a local nature. I believe firmly that we can win 1912, but to do so there must be no factional fighting among Democrats. Consequently, I hope that Democrats will forget their local differences and present a united front. Now is the time for them to get together and stay together. The moral of the fable of the bundle of sticks is as forcible today as ever. 'In unity there is strength.'

One of the much needed laws we hope to see the Legislature enact when it convenes is a bill to compel all telephone companies doing business in this state connect with each other as all railroads are required to do. This should always have been law, but as it is never too late to do good we confidently expect the coming Legislature to take up this proposition and act readily upon it when it convenes in January.

Montgomery county has furnished the last five Judges of the Court of Appeals from this district, the recent appointment of Judge Winn making the fifth. He will be a candidate again next fall when Judge O'Rear's successor will be chosen. Fifteen years peaceable possession makes a land title good and we guess Montgomery county thinks the same about offices.

The laws of Kentucky are not altogether at fault for our bad roads. According to law every able bodied man between 18 and 50 years is required to work six days out of each year on the road on which they live. We know of some roads that have not had a lick of work done on them this year. Is it any wonder they are bad now? Wake up, Mr. Overseers of Powell county, the people are becoming impatient.

O'Rear seems to not appreciate being elected to the Court of Appeals by the handsome majority the Democrats gave him this fall. But he knew when to resign to secure a Republican successor. Well, Willson did appoint O'Rear's successor after all!

We read the other day that cattle ticks were getting numerous in the western part of the state. We guess we can stand cattle ticks all right, we have been standing a very bad brand of politics for some time.

USE HOPE

MILLS FLOUR

PRACTICAL EXPERIENCE can teach much about bread making, and one of the things it will impress upon the pupil is that good bread can only be made from good flour, and the better the flour the better the bread. For that reason experienced housekeepers prefer the HOPE MILLS FLOUR, not only because it will make bread that tastes good but bread that is really healthful and nutritious.

## The Myers Patent Mop Wringer

This Mop Wringer is the only machine ever invented that will wring and clean a mop thoroughly. It not only takes out the dirt and leaves the mop clean, but it wrings it so dry that there is hardly any moisture left in the mop. The floor is never left streaked, as you are always using a clean mop. The machine is very simple to operate and requires no skill, as anybody can use it, man, woman or child. It is a labor saver, as one person will do the work quicker and better than three with any other device known. The pail sets on the platform and is not attached to the machine and can be moved at any time. It is always ready for use and there are no parts to get out of order. A trial of our machine will convince you that its work is perfect. We have yet to find a dissatisfied customer.

If your dealer does not handle this Mop Wringer, write direct to us.

## LOCAL BREVITIES.

THURSDAY, Dec. 14, 1911.

Try the Times for a Christmas present this year.

Mr. and Mrs. A. T. Whitt are visiting friends in Lexington.

B. M. McPherson, the leading tie man of the road, was in the city Saturday.

The balmy and clear days of last was turned to dreary, dark and rainy weather this week.

Mrs. Lou Fortner, of Winchester, spent a few days last week with her sister, Mrs. J. B. Derickson.

Mrs. M. H. Courtney, of Winchester, was the guest of Mrs. A. T. Whitt a few days last week.

Elder Lamberson occupied the pulpit at the Christian Church Sunday morning and Elder A. Easter at night.

Mr. and Mrs. Henry King, of Clark county, visited the latter's brother, W. F. Barnett, at Vaughn's Mill over Sunday.

R. W. Thomas and family have moved to the farm near this city. Mr. Thomas recently bought of John B. McCormick.

C. Shimmessel and Dr. Wm. C. Martin were among those who attended the inauguration of Gov. McCreary at Frankfort Tuesday.

Five Commissioner Sales together with our regular run of advertising is crowding on our regular reading space until after the holidays.

Mrs. H. E. Ware, of Stewarts-ville, Mo., sends the subscription price for one year's subscription to the Times. May many others do likewise before the holidays.

The last meeting of the old members of the City Council was held Saturday night. With the exception of Mr. Shimmessel, the incoming Board will be new men altogether.

The Brodhead-Garrett saw mill yesterday finished sawing all the logs in their booms here, and will unavoidably be closed down until tides bring down more logs from the headwaters.

Wm. Walling, of Flemingsburg, was here Saturday. Mr. Walling is thinking of coming back to Powell and buy a farm. We hope to see him do this as it has become politically shaky in this county since so many good Democrats like Mr. Walling has been moving away.

Judge Ed C. O'Rear, late Republican candidate for Governor of Kentucky, has resigned as one of the Judges of the Court of Appeals and will enter the practice of law at Frankfort. Rbt. H. Winn, of Mt. Sterling, has been appointed to succeed Mr. O'Rear on the Appellate bench.

**A Terrible Blunder**  
to neglect liver trouble. Never do it. Take Dr. King's New Life Pills on the first sign of constipation, biliousness or inactive bowels and prevent virulent indigestion, jaundice or gall stones. They regulate liver, stomach and bowels and build up your health. Only 25c at all dealers.

The local telephone lines are being overhauled, new cross arms replacing those that are about rotten and the system being otherwise improved.

On the first day of this month the Standard Oil Company went out of existence as a corporate body, and is succeeded in the oil business by thirty-one separate organizations into which the oil trust is now divided.

### Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at all dealers.

**FOUND**—Small money safe with some change in it. Apply at this office.

A total of 325,075 pounds of tobacco was sold on the Lexington loose leaf market last week which was one of the lightest weeks since the opening of the season. An average price of \$7.99 or a total \$25,989 was realized from the sales, which showed a slight increase in average over the previous week.

### Saved His Wife's Life.

"My wife would have been in her grave to-day," writes O. H. Brown, of Muecadine, Ala., "If it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infalible for coughs and colds, its the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. ## Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

## CAGE FOR DRYING MILK CANS

Proper Way to Purify Utensils is to Invert Them in Pure Air—Screened-in Room Best.

I believe the proper way to purify milk utensils is to invert them in pure air. For a long time our method was to turn the cans and pails over pegs set in the ground outside the barn. The chickens were always scratching

up dirt about them and very often it was necessary to wash some of the utensils a second time.

Finally we built a screened-in room near the big door in the barn. The door was open most of the time, so the utensils got plenty of air. They were put on pegs inside of this room and cats and chickens were kept away from them entirely. I think some day we shall move this cage out of doors.

The Rev. Irl R. Hicks 1912 Almanac.

Before the great drouth of 1901, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done, the people have nobly stood by Professor Hicks, their faithful public servant, who has

## Steamships Run By the Sun.

SCEINCE SOON TO DISPEL DISEASE.

The radiant energy falling on the deck of a steamer crossing the ocean is sufficient, if it could be utilized, to propel the ship with greater speed than is now obtained from coal. Only one-third of the radiation is cut off by the air.

Light has a chemical energy so intense as to destroy micro-organic life. This energy in its different manifestations is a power in continuing life and curing disease. The X-ray which is really concentrated sun light, when applied to some of the less fatal chronic ailments of germ origin has proven very effective as a curative agent. This is the experience of the skilled specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute in Buffalo. Although this institution was founded many years ago by Dr. R. V. Pierce as a genuine home—not a hospital—for those afflicted with chronic disease yet it has kept abreast of the times and its trained specialists have become Medical authorities in their various lines.

The violet-ray treatment, another interesting proceeding, is produced by concentrating the light, rich in the violet or chemical rays from an arc light with a specially prepared carbon, upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, also from those obscure exhausting pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from a single treatment and usually with a little persistence in the use of this aid, obtain comfortable health or perfect recovery.

The incandescent light bath, consists of a cabinet in which the patient is bathed in the combined rays of many electric light globes. This treatment has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anemia, and some forms of kidney and heart trouble. It has also proven valuable in chronic bronchitis, bronchial asthma and various skin diseases. As a general hygienic measure its efficiency can scarcely be over-estimated. The sick who have been treated at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., have much to say in regard to this wonderfully equipped Sanatorium, where all the above electrical apparatus, as well as electric water baths, Turkish baths, static electric machine, high-frequency current, and other most modern and up-to-date apparatus is used for the cure of chronic diseases. The treatment of chronic diseases that are peculiar to women have for many years been a factor in the cures effected at the Invalids' Hotel and Surgical Institute.

The physicians and surgeons employed are among the most experienced and skillful in the country, men who have made these diseases their life study, and whose highest ambition is to excel in their treatment.

How well they have succeeded may be judged from the fact that their practice embraces cases from every State and Territory of the Union as well as from foreign lands. Many thousands are annually treated, either through correspondence or at Dr. Pierce's Institution. It is an old adage that, "Experience makes perfect," and the skilled specialists in this field of practice cure thousands of cases which have been abandoned as incurable by general practitioners. Hundreds are brought to the institution from far distant states and they go home in a few weeks well and strong. Quite as marvelous are the thousands of cures annually accomplished through correspondence, while the patient remains quietly at home. Others consult in person, and after being examined are provided with specially prepared medicines and return home to carry out the treatment.

In medicine there has been rapid and real progress during recent years, and Dr. Pierce has kept up with the times in that he has had the manufacture and ingredients in his well-known remedies improved in a modern laboratory by skilled chemists, the greatest care being exercised to see that the ingredients entering into his well-known medicines Dr. Pierce's Favorite Prescription as well as the "Golden Medical Discovery" are extracted from the best variety of native medicinal roots. These are gathered with great care and at the proper season of the year, so that their medicinal properties may be most reliable.

These extracts are then made soluble in pure triple-refined glycerine and bottled. Everyone who consults the specialists, whether by letter or in person receives the most careful attention.

Great care is exercised not to over-encourage those who consult the specialists of this institution that no false hopes may be raised.

Consultation by letter or in person is absolutely free—no charge whatever—so that the public when afflicted are invited to write Dr. Pierce at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

## "Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

## TAKE The CARDUI Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.
